

Probate Team and Individual Details

Whilst we appreciate that Estate Administration comes at a very difficult and emotional time in our client's lives, we believe that our individual approach to each client specific needs help assist at a difficult time and we aim to overcome any difficulties that may be encountered and for the process to be as smooth and as simple as possible. Our team has over 21 years of collective experience in delivering high quality work in all matters relating to Wills and Probate.

We have four members of the team who may work on your matter, who each have a proven track record of acting on behalf of people who have sadly lost a loved one and need an Estate Administered. We are highly experienced in the processes involved. Regardless of who works on your matter, they will be supervised by Ann Coutts, Head of Wills and Probate who is subsequently supervised by John Worby, Senior Partner.

We believe that communication between all parties is key to an estate being administered as quickly and efficiently as possible.

Chantal Percival LLB (Hons) - Associate Solicitor

Chantal has over five years' experience in Private Client work specialising in Wills and Probate. Chantal has been working in this area since she qualified in 2014. Chantal joined the firm as a newly qualified.
